## LARGE SUGAR IMPORTS. Showing of Last Year Gives Remarkable Figures.

Washington, Dec. 21.—Sugar imports into the United States in the calendar year 1901, will exceed those of any preceding year by about 250,000,000 pounds, and the cost will be greater than any preceding year, except 1893, when prices were unusually high. The total importations of sugar in the year about to end will, according to the Treasury Bureau of Statistics, aggregate 4,670,000,000 pounds and will cost about \$115,000,000. The highest record of sugar importations in any preceding year were, in quantity, those of 1899, 4,399,749,078 pounds; while in value the figures of 1893 made the highest record, \$123,083,217.

The estimate of the Bureau of Statistics for the calendar year 1901 is based upon actual figures of importations from foreign countries for ten months ending with October, to which are added actual figures of sugar shipped from Hawaii to the United States. To these are added estimates for November and December, both from foreign countries and Hawaii, and for the full year from Porto Rico, this method of obtaining Hawaiian and Porto Rican figures being necessary, because commerce with those islands is no longer included in the statistics of foreign commerce of the United States. This shows an increase of about 30 per cent in sugar importations into the United States in the decade, the figures for 1891 being 3,679,789,854 pounds, the actual increase in the decade thus being in round terms 1,000,000,000 pounds. The enormous quantity can perhaps be better realized when it is stated that, accepting the average carload at 60,000 pounds the sugar importations of 1901 would be sufficient to load 78,000 cars.

In addition to this enormous figure of sugar imported, the sugar production of the United States for the year is presumably about 600,000,000 pounds this having been about the annual average during recent years.

Of the sugar imported into the United States in 1901, more than 4,000,000,000 pounds, or fully 85 per cent, is cane sugar from the tropics. The remainder is mainly beet sugar, chiefly from Germany and Austro-Hungary. In the ten months ending with October, importations of beet sugar amounted to about 550,000,000 pounds. Of cane sugar imported during the year about 30 per cent comes from Cuba, about 15 per cent from the East Indies and the remainder chiefly from the West Indies and Central and South American countries.

## APPEALS TO ENGLAND.

**London Times Says United States Should Make Its Wishes Clear.**

Washington, Dec. 22.—Information was received here today by Senor Garcia Meron, the Minister from the Argentine Republic, that this Government has decided to suspend negotiations with Chile in regard to the dispute existing between them and to refer the whole matter to the arbitration of the King of England for settlement. This news was received in a dispatch from Mr. Alcantara, the Minister of Foreign Affairs of the Argentine Republic, as follows:

"I communicate to your excellency the fact that all efforts made by this Government to reach an arrangement in the diplomatic relations presented before the Chilean Government since the beginning of the present year having proved useless, and after having exhausted all the formula of an honorable solution to both governments, we have resolved to suspend all negotiations with Chile and to refer the matter to his Britannic majesty's Government without altering the state of peace which exists with the republic of Chile."

London, Dec. 23.—Commenting on the Argentine-Chile trouble and the reference of the matter by Argentina to Great Britain, the Times today declares that the duty of preserving the peace belongs no less to the United States than to

Great Britain. The Times also says that the word from the United States, or even a strong intimation of the opinion of the American Government, which would assuredly be strongly supported from London, would almost certainly insure a pacific settlement of the difficulty. The Times says: "We can hardly doubt but in some shape or other the word will be spoken."

## CLOUDS IN VENEZUELA.

**Germany Expected to Seize One or More Ports.**

Washington, Dec. 27.—The gathering of German war ships in the vicinity of Venezuela, and the presence in the same locality of many Americans, British, French and other foreign war ships is directing attention to the imminence of the naval demonstration Germany is about to make against Venezuela. Thus far the German Government has not made known the exact details of her proposed move, the official communications to the United States being confined to an inquiry as to the attitude of this Government on the question of a demonstration in view of the purpose on the part of Germany not to acquire any permanent foothold in Venezuela.

The answer of this Government was entirely satisfactory to the German authorities, who since have proceeded with the execution of their plans for coercing Venezuela.

## DEWET WINS VICTORY.

**Successful Raid on a Strong British Post.**

London, December 26.—The following dispatch has been received from Lord Kitchener, dated Johannesburg: "General Rundle reports that on the night of December 24th, Colonel Firman's camp at Zeefontein, consisting of three companies of Yeomanry and two guns, was successfully rushed by a strong commando under Dewet. It is feared the casualties were heavy. Two regiments of Light Horse are pursuing the Boers."

London, December 27.—Boer resistance has always been very strong in that part of the Orange River colony which was the scene of De Wet's Christmas coup. A great quadrangle of blockhouses is being built there, the points of which are Vreineigen, Volksrust, Harrismith and Kronstadt. At the southeast corner of this quadrangle is an open space from Bethlehem to Lindley, where the square of blockhouses is still incomplete, and here De Wet made his attack. Colonel Firman's force probably amounted to 400 men, and the disaster, especially the loss of guns, the possession of which may enable De Wet successfully to attack the blockhouses, creates a disturbing impression.

## HOOLULU PARK MATTERS.

**Probable Formation of a Hilo Jockey Club to Manage Sports.**

Hoolulu Park will probably pass from the control of the Volcano Stables & Transportation Company into the hands of a Jockey Club now in process of organization in this city. Two meetings have been held, at which the terms on which the property was to pass, was discussed. The Jockey Club if organized will become the owner of the race track property and become responsible for its management. The management of this property by Mr. McKenzie has been highly satisfactory to the public and to turf men generally. Mr. McKenzie, however holds that the task of organizing and pulling off race meetings is a job requiring too much attention for one man alone to handle to the best advantage. As a result, these negotiations have sprung up and the outlook is favorable for their early consummation.

Incidental to the discussion of terms, the manner of conducting Hoolulu Park as a recreation ground has been touched on slightly. The new plan includes the establishment of fixed attractions at the park.
